Kata Pembuka

Welcome note

Gurat Senja **Photography Exhibition**

Photography, for me, has always been more than just capturing images, it is about preserving stories, emotions, and memories that live within the soul of Bali. Growing up, I was fascinated by how a single photograph could travel across the world and return to us as a cherished memory, a piece of time that never fades. That feeling has guided my journey until today.

Through 'Gurat Senja', I wish to share not only portraits but also the spirit, wisdom, and beauty of life that I have encountered. Each frame is a tribute to the richness of culture, tradition, and humanity that inspires me every day. It is my hope that every visitor will not just see photographs, but feel the stories they hold.

I am deeply honored to present this exhibition at Sudakara ArtSpace, Sudamala Resort Sanur, and grateful to all who have supported me along this journey. May this exhibition be a meeting place of art, soul, and timeless memory.

— Andika Darmawan, A.FPSI**, A.PFB***

Sudakara ArtSpace

at Sudamala Resort, Sanur

is one of Bali's most significant and cutting edge showcases for contemporary art, as well as a vital incubator for new talent and rising stars. The gallery sits front and centre of the hotel, which indicates the importance attached to the project and demonstrates how a love of art has become an integral part of the taksu, or spiritual essence and soul, of Sudamala Resort, Sanur.

The 250-square-metre art space, Sanur's largest professionally-curated gallery,

features regular exhibitions mainly by local and foreign artists residing in Bali.

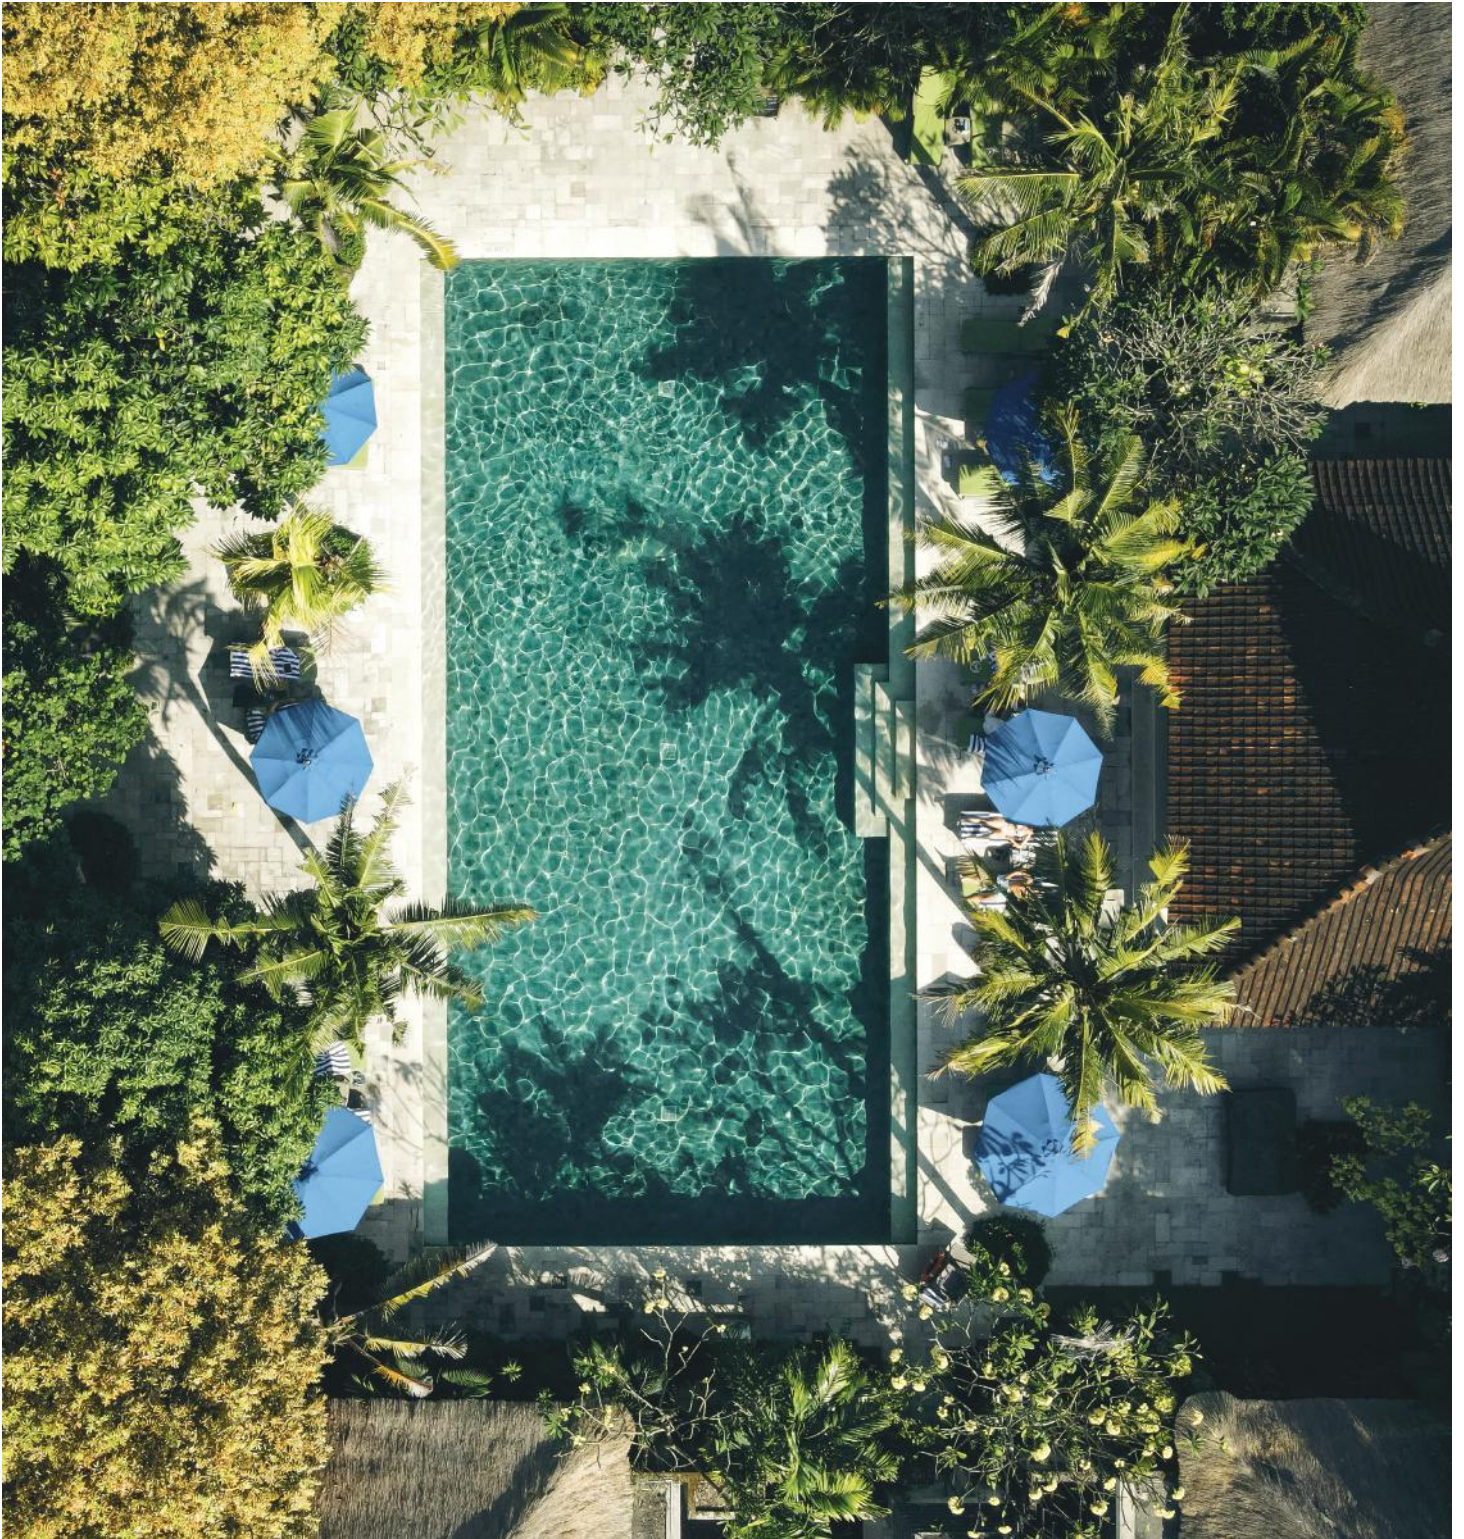

It often juxtaposes the works of two strikingly different styles of art to explore the spaces which exist between artworks and the themes that draw them together. Beyond exhibitions, Sudakara endeavours to nurture a visionary environment for intercultural dialogue and art exchanges.

Sudamala Resort, Sanur

Bali: the artistic heart of majestic sanur

Set in the midst of this great historical setting, at the southern end of Sanur where the coastline sweeps away to the west and Bali's sun rises each morning, Sudamala Resort Sanur is an oasis for those who crave an authentic cultural experience.

Sudamala Sanur is home to 34 expansive suites nestled around spacious inner courtyards, as well as an international alfresco restaurant, dedicated spa and yoga space, a sparkling pool and intimate event spaces.

I KOMANG ANDIKA DARMAWAN P. Ah.PAR.,
SE., INSTA*, E.INSTA*, A.FPSI**, A.PFB***.,

Born in Legian, Kuta, Badung, September 18, 1975.

Since childhood, I have been familiar with cameras and photography, because as a child I often saw tourists staying at my family's guesthouse carrying cameras, taking pictures of us. What left a lasting impression was when those photos were later printed in their home countries and then sent to us by post, or brought back when they returned to Bali for another holiday.

We were always delighted to receive those photos, and for me, they became memories stored in a special corner of my heart. Over time, those memories grew into a spark — inspiring me, as little Andika, to do the same for others.
